

These “Advanced” Training Programme guides are designed to give Lifelites Volunteers and champions more advanced knowledge on certain aspects of equipment and software.

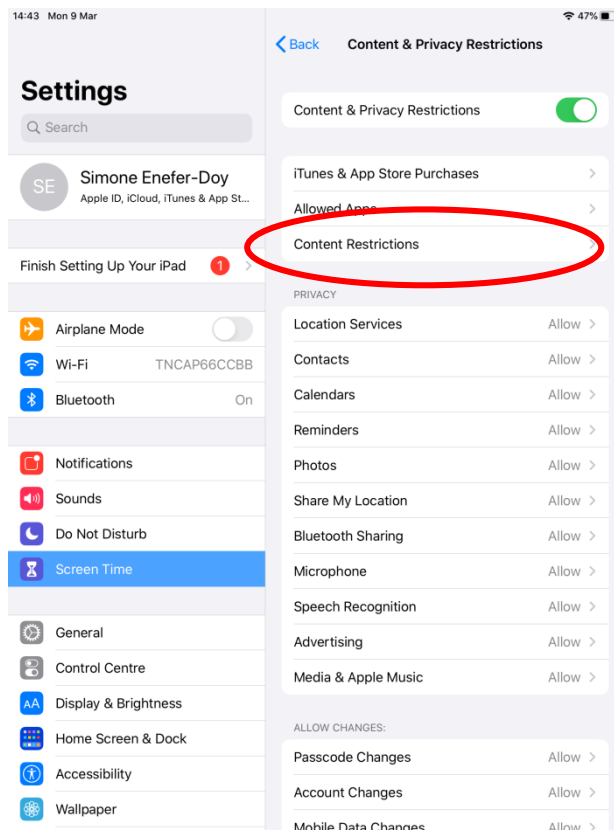

Restricting content on iPads – activating parental controls

1. Open the settings app on the iPad:
2. Select the “Screen Time” option on the left side of the screen and then select “Content and Privacy Restrictions” on the right hand side of the screen.

3. On the next screen, select “Content Restrictions”

- From here you can edit the allowed content for various categories of content, e.g. music, films, TV programmes, books, apps and web content.
