

The Great British Bake Off Sweepstake

is raising **vital funds** for Lifelites.

A charity that empowers children and young people with life-limiting conditions to play, create and communicate with the people they love through innovative assistive and sensory technology.

Allocate your GBBO contestants

Write a GBBO 2026 contestant's name in each box and cut out ready for allocating. If drawing in-person, place in a bowl or bag and ask people to draw one at a time; if drawing online, the sweepstake organiser can either ask people to pick numbers, use a random number generator app or make the draw from a bowl or bag during an online meeting. Once allocated, complete the poster on page 1 and display or share so everyone can see it.

How to organise a successful GBBO sweepstake!

Organising and running a sweepstake is a fun and easy way to take part in some friendly rivalry and raise vital funds for seriously ill children. We all love a slice of Bake Off and your sweepstake can add to your GBBO watching experience.

1

Decide who is in the sweepstake

It can be at your workplace, community group or with family and friends. Or you can run more than one if you are feeling adventurous for a variety of groups.

2

Decide on a prize

Maybe you can secure a donated prize from your employer or a local business. It could be a star baker apron, a share of the money raised or just bragging rights!

3

Spread the word!

Tell friends, family and colleagues and encourage them to enter and make a donation. Maybe you can create a dedicated GBBO Sweepstake WhatsApp group!

4

Draw the sweepstake

You can use our contestant sheet or any other method to allocate contestants. Get your players to draw at random and then assign each name to a player by filling in the sweepstake table.

5

Raise additional funds by holding a GBBO bake sale!

Feeling inspired by the bakers in the tent? You could raise additional funds for children with life-limiting conditions by hosting a bake sale at your work or club, maybe with your fellow players!

6

Announce the winner!

Award the prize and let the winner bask in the glory of a great victory! Make sure to let everyone know how much was raised for children with life-limiting conditions.

7

Transfer your fundraising to Lifelites so we can put it to good use!

You can transfer your fundraising to us using our secure donation form on our website lifelites.org or send a cheque to Lifelites, 60 Great Queen Street, London WC26 5AZ

Rules and advice regarding sweepstakes:

- Keep the entry donation the same for everyone. If someone wants to donate a higher amount then collect this separately or direct them to Lifelites' website where they can securely donate.
- If fundraising at your workplace or community group, only those who work at the same site or are members of your group can enter and the draw must take place on the premises.
- You must not sell entry on the streets, house-to-house, online or through social media.
- Gift aid can't be applied to the money raised from a sweepstake.
- More details can be found by visiting the [Gambling Commission](https://www.gamblingcommission.gov.uk) or scanning the QR code.
